

User Management Overview

[usermanagement.png](#)
Image not found or type unknown

Management Panel lets you view and manage the users. This includes creating new users, resetting user passwords, updating user details and suspending and deleting users. For your information our system will never removes users and their data from database just removes it from your user list.

- To view and manage current registered users use "User Manager" icon.
- To create new user use "Create New User" icon
